Presidents Message

Greetings KLN members.

Kentucky has been through so much this last year. From battling COVID to rebuilding communities after the deadly tornadoes.

We have been through a lot over the last year, facing the greatest challenge our generation has ever faced.

I hope you are allotting time to nurture and provide care for the caregiver! This includes scheduling time to nurture and restore yourself; as well as holding other disciplines, co-workers, and students accountable. You cannot be effective at helping or educating others if you are totally running on empty.

Despite the stress of Covid, this is an exciting time to be a member of the KLN. We represent all types of nursing programs from doctoral to LPN, as well as health care organizations and agencies, nurse leaders, faculty, and others interested in excellence in nursing and nursing education. We are actively planning the spring conference. We are looking forward to being able to be live in Louisville in May.

The KLN board has completed our annual report to the NLN. Our board works hard to support and enhance the NLN's national and international impact as the recognized leader in nursing education. We lead a diverse, sustainable, member focused organization that engages, empowers, and is responsive to nurse educators across the career curriculum. The board serves as a voice of nurse educators, and we champion their interests and partnerships in political, academic, and professional areas. And Finally, We promote research that generates evidence about nursing education and the scholarship of teaching.

I "Thank You" for this opportunity to serve you during this stressful time. Please feel free to contact any of the members of the Board to assist you. We may not be able to provide you with "muscle-power", but we do have a considerable amount of "brain-power"! Please let us know of your needs, and we will work diligently to assist you where possible. Our purpose is to support and implement the mission of the NLN to promote excellence in Nursing Education to build a strong and diverse workforce to advance the health of our nation and the global community.

Dr Lu Ann Reed, DNP, RN, CRRN, BC-RN, LNHA, WCC, DWC

President's Message	1
2022 Annual Conference	2-3
Board Opportunities	3
Scholarship Opportunities	4

The 18th Annual Nurse Educator Conference and Meeting

The annual conference will be held May 19-20, 2022. Our conference theme is “Creating and Cultivating Learning Environments That Thrive.” We are providing an event that is packed full of content to assist participants to re-group, re-focus, re-energize, and laugh again. Nursing education during the pandemic has challenged us all. We will spend a full day with Dr. Susan Luparell discussing fostering healthy learning environments, civility, and integrity in our nursing programs. The Kentucky Board of Nursing will be available for a panel discussion to address all those burning questions. Multiple vendors will be present throughout the conference with the latest gadgets. On May 20th, the program includes Jason Schwartz from NCSBN; Eli Brand, a nurse humorist; concurrent sessions; and poster and podium presentations. We look forward to seeing you at our fun and informative conference. For further information and registration information go to <http://www.kyleaguenursing.org/>.

KEYNOTE SPEAKER: Dr. Susan Luparell

Susan Luparell, PhD, RN, CNE, ANEF.

Dr. Luparell holds a doctorate in Administration, Curriculum, and Instruction with a focus in Educational Leadership and Higher Education. A Fellow in the Academy of Nursing Education, she is a nationally recognized speaker on how to foster healthy learning environments for students, faculty, and staff within nursing education. Her scholarship focuses on the ethical implications of incivility, including how it affects others and how it can be managed in academic and clinical settings.

“Creating and Cultivating Learning Environments That Thrive”

KLN Annual Conference May 19-20

For Poster Presentation and/or Podium Presentations Applications are available at <http://www.kyleaguenursing.org>. Submission applications due by April 15, 2022.
