## President's Message

Hello! I hope you've had a great start to the school year. I'm excited to be writing this message for the first time. I am excited and honored to be the KLN President – and, very, very grateful to have such a talented and hard-working Board of Directors working with me. You all know that I have very big shoes to fill – Emily Piercy, our immediate Past-President did so very much for the League. I just can't thank her enough in this message – check out the article highlighting her contributions to KLN.

I'm still excited about the conference we had last May! Jean Giddens, our keynote

speaker, spoke about how to teach with a conceptual approach. The feedback from attendees was terrific! We were so pleased to be able to bring such a stimulating and helpful presentation. KLN members also presented on a variety of topics - teaching strategies, clinical topics, the DNP for educators, curriculum design and more! I hope you're planning to share your expertise by presenting at the 2014 conference.

Speaking of the 2014 conference – we're moving to a new location! We had a great time for several years at General Butler State Resort Park, but we really outgrew their facilities

(a wonderful problem to have!). The conference will be at the Crowne Plaza in Louisville. Once again, we're working hard to make the conference the best value for our members – the KLN conference is incredibly affordable, but still absolutely top quality. We look forward to a great time with lots of learning, networking and just plain fun!

Check out all the information about KLN in the newsletter– and mark your calendars for May 15<sup>th</sup> and 16<sup>th</sup>. We'll see you in Louisville!

The KLN invites nursing students to submit abstracts for poster presentations!

### Student Information!

This was the first year that KLN has invited students to attend and present at the KLN Nurse Educator Conference. This was a success!! Morehead State had two student representatives who presented a Quality Improvement Project they had completed as part of their clinical rotation during their final semester. This was found to be very enlightening for both the students and faculty in attendance. Our hope is to keep this going in the future. Therefore, the KLN invites all students to submit abstracts for poster presentations for the May 2014 Annual Nurse Educator Conference. This is a great opportunity for students to become involved with KLN and present to educators throughout and around the state regarding projects or nursing innovations they have completed during their education! Abstracts will be due by January 31, 2014 and acceptance will be announced in February or March. Please submit abstracts to: [kyleague-nursing@yahoo.com](mailto:kyleague-nursing@yahoo.com). We look forward to hearing from you!

## Thank You for Your Service Emily!

Part of being a nurse is recognizing those around you who have done something worthwhile. Frequently working as a nurse can leave you feeling unappreciated and “left out of the loop”. Occasionally, we come across people who we cannot

avoid giving a great big THANK YOU for their contributions. For the KLN, Emily Piercy is just such as person. Emily has served in the KLN for a significant amount of time and has made many improvements along the way. In 2005 she was asked to temporarily fill the role of Treasurer. She agreed to do so, and the next year was elected President-elect for the 2007-2009 term. She served as President of the KLN from 2009-2013 and just recently resigned her position as KLN President to pursue other endeavors. While serving as President Emily pursued a vision that lead to an increase in membership, and increase in conference attendance and a change of conference venue to the new Louisville location. She has done many things to promote the KLN and for her efforts and dedication we offer her our sincerest thanks and best wishes.

### The KLN Korner

We are excited to bring this new section of the paper to you—the KLN Constituency. For those of you who have attended the conference recently, you are aware of all the exciting research and application topics that have been presented each year. It is truly amazing the level and amount of research being completed. What we want to do is highlight that research. That is why we have created the KLN Korner as a place to highlight new, recent research of KLN Members. In addition, we open this to presentation of new strategies in education, methods in teaching, development in areas of practice and to exceptional performance by KLN members. If you, or someone you know, has completed exceptional work you feel should be recognized, please contact Lisa McDavid at [l.mcdavid@moreheadstate.edu](mailto:l.mcdavid@moreheadstate.edu) or Chad Rogers at [c.rogers@moreheadstate.edu](mailto:c.rogers@moreheadstate.edu). We look forward to hearing from you! Lets represent KLN well in this Korner!!
